

Imaging Conference JAPAN 2014

“Capture, Process and Perception: Attractive Imaging Technologies”

= Second Paper Call =

“Imaging Conference JAPAN 2014”, the 113th Annual Conference of the Imaging Society of Japan will be held with the following agenda.

The “Imaging Society of Japan” provides opportunities to discuss the leading-edge imaging science and technology including hardcopy, various marking technologies, and novel imaging technologies such as electronic paper and other electronic imaging system, as well as digital fabrication technologies to contribute to progress in all the related fields. This annual conference will provide opportunities to make active discussion and exchange of ideas concerning the latest investigations for members.

Imaging Society of Japan has established the conference concept as “Aiming to Create Fulfilling Scenes of Imaging”. Responding to the concept, ICJ2014 is subtitled “Capture, Process and Perception: Attractive Imaging Technologies.” While we view the scope of the imaging technology extensively from image input to output, we aim the conference to be a place to discuss how to show the imaging technology attractive at various life scenes. We appreciate your interest in submitting your abstract to the conference.

~ **The Abstract Submission Site is Now Open!** ~

1. Announcement

Date

June 11(Wed.) - 13(Fri.), 2014

Place

Tokyo Institute of Technology,
Suzukakedai Campus, Suzukake Hall 2F,3F
4259 Nagatsuta-cho, Midori-ku,
Yokohama, Kanagawa-ken,
226-8503 Japan
5-minute walk from Suzukakedai Station (Tokyu
Den'entoshi Line)

Session Style

Oral or Interactive (poster session) presentation. Two tracks of conference program are scheduled alongside.

***Oral:**

[General Papers]: 20 minutes (includes 5-minute Q&A)

[Invited Papers]: 30 minutes (includes 5-minute Q&A)

Authors' Interview will be held after the session (about 20 minutes).

***Interactive:**

5 minutes oral presentation (no Q&A) and 120 minutes poster exhibit.

[Best Poster Award] and [Editorial Chief Award] are judged and commended on the day.

Requirement for Speaker

Speaker is required to be an ISJ general member or a student member except for an invited speaker and a speaker from abroad. Non-member can be a speaker if application for admission is submitted at a time.

Sponsored by

The Imaging Society of Japan

2. Conference Overview

Technical Sessions

June 11(Wed.) - 13(Fri.),

Keynote Speech, Invited Papers, General Papers and Commemoration Lectures of ISJ Technical Awards.

Topical Session

June 11 (Wed.) at the Multipurpose Hall (3rd Floor)

Topical subject concerning to the concept of the conference are discussed.

Workshop

June 12 (Thur.) – 13 (Fri.) at the Meeting Room 2 (2nd Floor)

Specified technical themes are picked up and discussed with the participants to find keys for improvement.

Exhibition

June 11 (Wed.) - 13 (Fri.) at the Lounge (3rd Floor)

Machines, Devices and Measurement Instruments related to Imaging Technologies, Materials, etc.

Social Hour

June 11 (Wed.) at the Lounge (3rd Floor)

Communication and networking with authors, participants.

Technical Session in ICJ2013 (Main Hall)

3. Program Topics

1. Electrophotography
2. Inkjet
3. Direct Marking
4. Green Technology,
Environmental Protection and Energy Saving
5. Electronic Paper / Electronic Imaging
6. Digital Fabrication
7. Novel Imaging
8. Image Input, Image Processing and Network
9. Image Measurement and Evaluation
10. Light Source, Color,
and Sensibility Kansei on Imaging
11. Simulation

4. Abstract submission

Original technical contributions on imaging science and technology are invited. Suggested topics include those listed under [Program Topics]. Authors may choose either an oral presentation or an interactive (poster) presentation. Please understand that the committee may ask you to change your choice (session or presentation style) due to making program.

Please prepare the information requested below and submit via webpage of "ICJ2014 Abstract Submission" available on ICJ2014 site. Acknowledgement e-mail will be sent back to the applicant with the "Guide for Paper Preparation".

Information requested for submission

1. Paper Title.
2. Preferred program topic.
3. Preference for oral or interactive presentation.
4. Speaker name.
5. Age (as of Dec. 31, 2014)*¹, ISJ membership No.
6. Speaker affiliation.
7. Address, telephone, fax and e-mail.
8. Co-author(s) name(s) and affiliation(s).
9. Abstract (100 words)
^{*1}. As of Dec. 31, 2014, ISJ member under 40 is a candidate for the ISJ incentive award 2014.

Webpage for submission

Submission Deadline

February 28, 2014

5. Paper Preparation

Please refer the template file (MS-Word) for preparing the manuscript of this conference. Color graphics (figures, photos) are printed in B/W on the hardcopy proceeding but you can represent color in the CD-ROM proceeding.

Please submit a MS-Word file via webpage of "ICJ2014 Paper Submission" by the due date. When the manuscript is uploaded, MS-Word format is automatically converted to a PDF format. Please make sure that your manuscript is converted properly. The webpage will be prepared by the middle of the February.

Webpage for manuscript upload

http://www.isj-imaging.org/event/conference/ICJ2014/ICJ2014_paper_eng.html

Full papers due

April 4, 2014

6. Exhibition

During the conference period, an exhibition will be also held as the last year. We are now recruiting exhibitors concerning to the imaging related industries. Please consider to join us. The ICJ2014 webpage introduces you how to apply to the exhibition, and so on.

7. Reference

Please visit the ICJ2014 webpage to learn more and to get the updated information.
